

Concrete Cracker (GCC) **POWER**Series

FEATURES

- 1 Built with Weldox steel for the best combination of structural strength and wear durability
- 2 Blade profile focuses force for optimal concrete processing and rebar cutting
- 3 Affordable bolt-on wear parts can be rotated, maximizing blade life and minimizing downtime
- 4 Extended chin blade aids in positioning concrete for processing
- 5 The GCC stands upright for easy attachment changes and convenient storage and transport
- 6 Shrouded heavy-duty pivot design provides structural strength and long-term durability
- 7 Common pivot group and pinning points accommodate the full line of Power Series Linkage tools with one stiff arm - the mounting pad remains in place
- 8 Stiff arm and mounting pad included

APPLICATIONS

- Scrap Processing
- Demolition
- C&D Processing
- Concrete Recycling

Metric Specs:

Model Number	Weight (kg)	Jaw Opening* (mm)	Excavator Weight (mt)
GCC 50	1,996	737	18 - 27
GCC 70	2,263	813	27 - 36
GCC 90	2,345	914	36 - 49

*Jaw opening varies slightly depending on excavator mounting location.

Genesis linkage attachments are not compatible with quick couplers. Contact Genesis for more information.

All Genesis Concrete Crackers are covered by a 12-month, 1,500-hour (whichever occurs first) warranty. Genesis reserves the right to continually make product improvements designed to positively enhance performance.
