

SHEAR JAW ARMOR[®]

Tough. Long-lasting. Reliable

Attachments protected with Genesis Shear Jaw Armor[®], GXT Heavy-Duty Wear Guards and Grapple Jaw Armor not only deliver productivity, uptime and value, but also far exceed normal wear cycles. Constructed from our proprietary GenGuard steel, these abrasion-resistant systems maintain structural integrity and reduce build-up and hard-surfacing downtime.

FEATURES

- Reduce downtime and welding maintenance expense
- Maintain structural integrity
- Extend attachment life
- Wear Guards protect the pivot group in harsh applications

Shear Jaw Armor[®]
