

Tough. Long-lasting. Reliable.

Attachments protected with Genesis Shear Jaw Armor™ and Grapple Jaw Armor not only deliver productivity, uptime and value, but also far exceed normal wear cycles. Constructed from our proprietary GenGuard steel, the Jaw Armor abrasion-resistant system maintains structural integrity and reduces build-up and hard-surfacing downtime.

To learn how Genesis Jaw Armor can increase your uptime and productivity, call **888-SHEAR-IT**.

FEATURES

- Reduces downtime and expense of welding maintenance
- Abrasion-resistant protective system
- Virtually eliminates build-up and hard-surfacing
- Maintains structural integrity
